

AMENDMENT No. 34 TO THE NASA RESEARCH ANNOUNCEMENT (NRA) ENTITLED
"RESEARCH OPPORTUNITIES IN SPACE AND EARTH SCIENCES (ROSES) 2019,"
NNH19ZDA001N, RELEASED MARCH 14, 2019

ROSES-19 Amendment 34: This amendment defers until ROSES-2020 the release of program element [B.10 Living With a Star Strategic Capabilities](#) (LWS SC).

When ROSES-2019 was released B.10 LWS SC was listed as "TBD" in anticipation of the release of final text for this program element this year. However, due to overlap with other similar programs, this program element has been deferred to ROSES-2020.

On or about September 9, 2019, this Amendment to the NASA Research Announcement "Research Opportunities in Space and Earth Sciences (ROSES) 2019" (NNH19ZDA001N) will be posted on the NASA research opportunity homepage at <http://solicitation.nasaprs.com/ROSES2019> and will appear on the RSS feed at: <https://science.nasa.gov/researchers/sara/grant-solicitations/roses-2019/>

Questions regarding this program element and this amendment to ROSES may be directed to Jeff Morrill at jeff.s.morrill@nasa.gov and Simon Plunkett at simon.p.plunkett@nasa.gov.
